

CONSENT FOR ACCESS TO PROPERTY

Name: Mr. Peter Cappel

Title: Vice President of Environmental Health and Safety

Property to which Access is Granted: All Monitoring Wells under the control of AIMCO Michigan Meadows Holdings LLC (AMMH), which wells are located in Speedway and Indianapolis associated with investigations conducted by AMMH pursuant to the Voluntary Remediation Agreement for the Michigan Plaza Voluntary Remediation (IDEM Project No. 6061202).

I consent to officers, employees, contractors, and authorized representatives of the United States Environmental Protection Agency ("U.S. EPA") entering and having access to the property (the monitoring wells referenced above) for the following purposes:

To take samples and measure the water level in the well at each monitoring well.

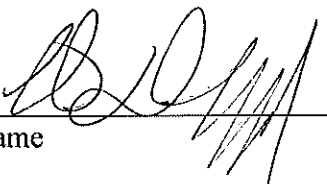

AMMH does not own the real property on which the wells are located. I understand that U.S. EPA intends to obtain consent for access from the owner of the real property where the wells are located before sampling and gauging the wells. EPA will provide AMMH with 3 days notice prior to commencing the work described above, so that AMMH has a reasonable opportunity to be present to observe the work and collect split samples. 

I understand that EPA estimates that the work for which access is requested will be accomplished during the month of December, 2011, if access is provided by no later than December 5, 2011.

I realize that these actions taken by U.S. EPA are undertaken pursuant to its response and enforcement responsibilities under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. §§ 9601-9675 (2011).

This written permission is given by me voluntarily, on behalf of AMMH, with knowledge of my right to refuse and without threats or promises of any kind.
